**Re: Testimonial**

I write this letter to say how pleased I am with the work that Grow Well Gardens recently carried out for me and my husband.

As you know, we recently moved into a new house and there was a lot of work that needed to be done, including generally tidying the garden and landscaping it to make it a usable space. You visited our house in August 2012 to discuss our needs and design the garden and stuck with us until we were ready to proceed with the work in March 2013.

You and your team understood our needs throughout the time we worked with you and readily tweaked things when needed. You gave us an accurate quote which we were able to rely on and the work came in on budget and on time.

We are impressed by the services provided by Grow Well Gardens and would have no hesitation in recommending your services to friends and associates in future.

Yours sincerely

**Beth Laidler**
