Dear Rob

## Testimonial

Rob I would like to just take the opportunity to congratulate you on the excellent work you carried out on my garden last month.

Our front garden has a large cherry tree and various other ferns and trees (to which Rob knows all the names of) mainly there for privacy purposes. The trees had not been properly pruned for some years to the extent they were blocking light into the house and entangling with telephone lines.

Rob carried the work out quickly and efficiently, leaving me feeling as though I was getting good advice, good quality of work and value for money. I was that impressed with the work I paid Rob's invoice on receipt and will look to get him back for further lawn treatment next year.

It goes without saying I will use Rob's services again and will continue to refer work to him when opportunities arise.

Yours sincerely

Mr A R Wood FCCA
