### **Patio extension & Paving,**

Having used Grow Well Gardens previously for our fencing requirements I did not hesitate in asking them to quote for extending and re-paving our patio. Rob quoted the job for me and showed me photos of similar work done for other customers. Rob's team arrived to start the job on the agreed date; they worked through all weathers to ensure the job was finished on-time. I am more than happy with the finished job and would highly recommended Grow Well Gardens.
